EDUCATION

Bachelor of Science in Creative Technology and Design

University of Colorado Boulder || College of Engineering and Applied Science — Graduation: 05/2025

Major: Creative Technology and Design *Minor*: Computer Science

GPA: 3.81 *Major GPA*: 3.98

- *Awards*: **Magna Cum Laude,** CEAS Graduation Awards: **Community Impact Award** and the **Perseverance Award**, **Dean's List** (5 semesters), **Philanthropy Award** (Phi Sigma Rho)
- *Relevant Coursework*: Computer Systems, Mobile Application Development, HCI, Advanced Front-End Development

SKILLS

*Programming Languages***:** JavaScript, React Native, React.js, Node.js, HTML, CSS, TypeScript, Swift, Lua, Java, Python, C++, C#

*Software***:** GitHub, SwiftUI, SwiftData, XCode, VSCode, Figma, Unity, Canva, SketchUp, Excel, Adobe Photoshop, Adobe Illustrator

FEATURED PROJECTS

Detailed at ari-guzzi.com

HikeBite (Capstone Project) – Swift, SwiftUI, SwiftData, Firebase, Figma, API Integration, Xcode

- Sole app developer: built an app with SwiftUI, Firebase backend, and Swift Data to guarantee offline functionality.
- Collaborated with the UI designer to facilitate design concepts are functional in development.

Chart Generator from Spreadsheet Website – Firebase, Sveltekit, Node.js, GitHub

- Developed a dynamic website for account creation, spreadsheet uploads, and data management using Firebase.
- Implemented features for generating customizable charts from uploaded spreadsheets to enhance data visualization.
- Enabled downloads of files and charts, facilitating easy offline access and further analysis.

PROFESSIONAL EXPERIENCE

Actualize Earth, Boulder, CO

Full-Stack Developer Apprentice – Node.js, React.js, JavaScript, loveable.dev, Augment, Pickaxe — 10/2025 - Present

- Collaborated directly with CEO to design and develop tools advancing the mission and technical growth of Actualize Earth.
- Learned and implemented a proprietary framework created by the CEO, adapting quickly to custom internal tools.
- Debugged, tested, and optimized applications for performance, reliability, and scalability.
- Prototyped new features and UX experimentation to explore new product concepts aligned with company vision.

finish'd Inc., Boulder, CO

Front-End (UI/UX) Software Development Intern – Swift, Figma, Firebase, WCAG — 06/2025

- Conducted UI/UX research on design trends for older adults to understand challenges with current apps and platforms.
- Performed a UI/UX audit of the existing platform, outlining design changes to improve user functionality and accessibility.
- Built the app's current state in Figma to bridge design and development by interpreting code into visual representations.
- Applied design changes from the audit to Figma and developed them into the app's code using Swift.

Blueprint Boulder, Boulder, CO

Team Lead of Front-End Development – JavaScript, Figma, Firebase, Sveltekit, Node.js — 08/2024 – 05/2025

- Led front-end development for a nonprofit database website, directing a software team of 8 to enhance project execution.
- Utilized Figma to design prototypes, facilitating developer understanding and ensuring alignment with project specifications.
- Conducted user testing and iteratively refined the UI**,** focusing on user-centered design principles to optimize client experience.
- Facilitated effective communication between the nonprofit and the development team, enhancing project outcomes.

University of Colorado Boulder, Boulder, CO

Teaching Assistant for Intro to Web - HTML, CSS, JavaScript — 08/2024 – 05/2025

- Led recitations, taught weekly assignment content, and addressed student questions to enhance learning outcomes.
- Supported approximately 70 students during office hours, resolving doubts and enhancing learning.
- Enhanced course delivery and student performance by managing and assessing work through consistent input and grading.

Blueprint Boulder, Boulder, CO

VP of Nonprofit Relations **–** Canva, email, Facebook Groups — 08/2023 – 05/2025

- Led 5-person cluster in proactively engaging with non-profit organizations to foster collaboration with Blueprint.
- Contacted nonprofits for new projects with flyers, emails, and presentations to organize future projects.
